FEATURES

▶ Easy to mount when space is limited. The reader measures only 37 mm in width.

▶ Support for MIFARE, MIFARE Plus, DESFire

▶ Ingress protection IP54

▶ Illuminated keyboard

▶ Door environment status indicated by red and green LEDs

▶ Low power consumption

▶ Full support for PACOM 8602 Multi Interface Module

PACOM 8704 Slim is an optimal card reader which, due to its "slimmed" design, opens up the possibility for secure passage solutions at facilities with limited space and narrow environments. The illuminated membrane keyboard has a built-in self-adjustment of the brightness level and is automatically illuminated when needed, making the reader a suitable alternative even in environments with limited lighting.

The PACOM 8704 Slim Reader with its illuminated keyboard is easy to mount in limited spaces and visible in poorly lit environments.

TECHNICAL SPECIFICATION

ELECTRICAL

Input Voltage	24VDC ±- 15%
Current Consumption	Normally 50mA Maximum 65mA

ENVIRONMENTAL

Enclosure Class	IP54
Operating Temperature	-25 to 50°C (-13 to 122°F)
Maximum Humidity	69% ± 5% relative humdity

PHYSICAL

Reader Color	Black
Dimensions	37 x 135 x 30mm (1.5 x 5.3 x 1.2")
Weight	130g (4.6oz)
Reading Distance	30 to 40mm (1.2 to 1.6")

COMMUNICATION

Port	1 x RS485
Addressing	1 to 4
Frequency Carrrier / Standards	13,56 MHz. ISO14443 tipo A

SECURITY

Tamper Switch	Yes

MISCELLANEOUS

Optical Indication	2 LEDs - read and green
Acoustic Indication	Built-in buzzer
Card Technologies	MIFARE MIFARE Plus DESFire

ORDERING INFORMATION

PART NUMBER	TYPE CODE	DESCRIPTION
300 048 012	8704R-001	PACOM 8704 Slim Reader with RS485 output and keypad
300 048 014	8704R-MP	PACOM 8704 Slim Reader Mounting Plate Minimum order quantity 10 units
